

The Robert A. Harrington Excellence in Fellowship Award

Begun in 2012, this award is designed to recognize a graduating DCRI research fellow who has contributed the most to the DCRI fellowship during his/her tenure and who has demonstrated excellence in academic accomplishments, in participation in clinical research operations, and in peer-to-peer mentoring. Fellows considered for this award are expected to have demonstrated the following key attributes during their DCRI tenure: a passionate pursuit of innovative clinical research, humility, inclusiveness, loyalty to colleagues, consensus-building, and selflessness. All graduating DCRI research fellows are eligible for this award.
